

Non-Public Minutes
3 August 2001
10:00am

The Board convened in non-public session by unanimous consent under RSA 91-A:3 II (d) to discuss property, lease agreement and right of way acquisition issues. Those present included Lloyd Sullivan and Jenifer Landman (Selectmen), Russell McAllister (Town Administrator), Carrie Fitzsimmons and Jeffery Houle (representatives from American Tower Corporation). The Board reviewed right of ways and easement options regarding properties abutting Town owned land that is designated by Town vote as a site for a telecommunications tower. The Board discussed the acquisition costs associated with easements and rights of way versus immanent domain proceedings as a means of securing access through abutting properties to Town owned land.

Respectfully,

Russell McAllister
Town Administrator
